Materials You'll Need

- 1 sheet of 7-count plastic canvas
- Red, white, and green yarn
- Yarn needle

- Scissors
- Black felt-tip marker
- Hot glue gun
- Candy cane

Step-by-Step Instructions

1. Cut a 4-inch by 6-inch rectangle from the plastic canvas.
2. Start by stitching a row of red yarn around the edges of the rectangle, leaving a 1-inch opening at the top for the candy cane.
3. Next, stitch a row of white yarn around the inside of the rectangle, leaving a 1-inch opening at the bottom for the Santa's hat.
4. Now, stitch a row of green yarn around the inside of the white yarn, leaving a 1-inch opening at the top for the Santa's head.
5. To make the Santa's hat, cut a 2-inch by 3-inch triangle from red felt. Fold the triangle in half and stitch the edges together. Turn the hat right side out and slip it over the top of the Santa's head.
6. To make the Santa's beard, cut a 1-inch by 2-inch rectangle from white felt. Fold the rectangle in half and stitch the edges together. Turn the beard right side out and glue it to the bottom of the Santa's face.
7. To make the Santa's mustache, cut a small piece of black felt. Glue the mustache to the Santa's face, just above the beard.
8. To make the Santa's eyes, draw two small black circles on the Santa's face with a black felt-tip marker.
9. To finish off the Santa, hot glue a candy cane to the back of his head.
